THIS APPLICATION IS SUBJECT TO WITHDRAWAL FROM ISSUE AT THE INITIATIVE OF THE OFFICE OR UPON PETITION BY THE APPLICANT. SEE 37 CFR 1.313 AND MPEP 1308.

THE ISSUE FEE AND PUBLICATION FEE (IF REQUIRED) MUST BE PAID WITHIN THREE MONTHS FROM THE MAILING DATE OF THIS NOTICE OR THIS APPLICATION SHALL BE REGARDED AS ABANDONED. If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Darcell Walker on 7 May 2008.

The application has been amended as follows:

In the claims

Amend claim 4, line 1 to read: "The method as described in claim ~~3~~ 1 wherein..."

Amend claim 5, line 1 to read: "The method as described in claim ~~3~~ 1 wherein..."

In the specification

Replace paragraph [0051] with the following:

[0051] It is important to note that while the present invention has been described in the context of a fully functioning data processing system, those skilled in the art will appreciate that the processes of the present invention are capable of being distributed in the form of instructions in a computer readable medium and a variety of other forms, regardless of the particular type of medium used to carry out the distribution. ~~The computer readable medium includes storage medium, paper and transmission type of~~

~~media.~~ Examples of computer readable media include media such as EPROM, ROM, tape, paper, floppy disc, hard disk drive, RAM, and CD-ROMs ~~and transmission type of media, such as digital and analog communications links.~~

Note: the above amendment to the specification is submitted to obviate a rejection to claim 31 under 35 U.S.C. 101.

Allowable Subject Matter

Claims 1, 2, 4-15, 17-19, and 31 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 15 now explicitly require performing the operations recited therein in a batch processing session. Chou et al. disclose system/method for providing a translation of an application program (which, as affirmed by the Board of Appeals, could obviously be applied to a "presentation slide" type program). Chou et al. build a translation table prior to running the application software (see Fig. 6, steps 61-64, the learn process). This could arguably be considered a "batch" process that occurs before the run time of the application. However, the final step (65) of inserting translated text into the application screen occurs at run time (see, e.g., column 8, lines 19-30). That is, as the application is run, the "run process" intercepts the original language text and replaces it with the translated text on-the-fly before displaying the translated text on the screen (column 5, line 57 to column 6, line 9). Therefore, Chou et

al. do not teach or suggest writing the translated text into the created copy of the original presentation slide during a batch processing session.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to BRIAN L. ALBERTALLI whose telephone number is (571)272-7616. The examiner can normally be reached on Mon - Fri, 8:00 AM - 5:30 PM, every second Fri off.
